

# FOROPA Expert Database on Biomass and Biomass Supply Chains

<b>Name and Surname</b>	Prof. dr Branko Glavonjić
<b>Field of expertise</b>	Woody biomass, wood energy
<b>Recent employment</b>	University of Belgrade, Faculty of Forestry
<b>Address</b>	Kneza Višeslava 1, 11030 Belgrade, Republic of Serbia
<b>Phone</b>	+381 11 30 53 862
<b>e-mail</b>	branko.glavonjic@sfb.bg.ac.rs
<b>Internet</b>	www.sfb.bg.ac.rs
<b>Languages</b>	English / Serbian
<b>Main references</b>	<p><b>Prof. dr Branko Glavonjić</b> is engineer with more than 15 years of experience in analysing of woody biomass potentials, consumption and policy in South – Eastern European countries. In that sense he was consultant in numerous projects realised in the region of South – Eastern Europe, financed by governments of countries of the region (Serbia) or international organisations (GIZ, USAID, UNDP, FAO, FODEMO).</p> <p>In last 10 years he was national team leader of more than 5 international and more than 10 national projects mainly dealing with woody biomass and raw material supply chains.</p> <p>From the 2012 he has also been working within projects for increasing of energetic efficiency in district heating systems in Serbia, as well as within projects for construction of CHP plants for production of electrical energy from biomass.</p> <p>His current research work is to stimulate effective wood biomass use and modern technologies of biomass production, processing and use in the countryside – the sphere closely associated with energy policy.</p>
