

# FOROPA Expert Database on Biomass and Biomass Supply Chains

<b>Name and Surname</b>	Ing RADMILO SAVIĆ, PhD	
<b>Field of expertise</b>	RES-biomass, FUEL, Combustion, Ecology, Heating, District Heating,	
<b>Recent employment</b>	PUC "BEOGRADSKE ELEKTRANE", district heating company of Belgrade, position: executive manager	
<b>Address</b>	Savski nasip 11, Beograd	
<b>Phone</b>	+381-64-89-98-909, +381-11-2093-405	
<b>e-mail</b>	r.savic (at) beoelektrane.rs	
<b>Internet</b>	www.beoelektrane.rs	
<b>Languages</b>	English /Serbian	
<b>Main references</b>	<p>Dr Savić has over 20 years of practical experience in the field of solid biomass fuels. Last 7 years been responsible for the introduction and operation with woody biomass in the Belgrade DH system (first in Serbia). In this, he has worked with both technical and commercial aspects. His doctorate thesis ("Possibilities for Utilization of Wood Briquettes and Pellets for Belgrade District Heating System Heat Production") deals i.e. with key boiler performance and flue gases pollutants measurements confirming improved efficiency and reduced emissions. He has also been responsible for the procurement of bio fuels including public procurement and contract management.</p> <p>Dr Savić started his work with IFI in 2001 as a part of team helped identify and develop the PIP for EBRD investments in Belgrade. Since then, he gained broader experience by working as a consultant and in the Ministry of energy and in the Serbian energy efficiency agency before returning to the DH company as Executive Manager. Dr Savić has, during the last 5 years, been engaged in several consultant teams for various Serbian biofuel and DH projects (GIZ, KfW etc). Dr Savić has published more than 50 scientific papers.</p>
